

DURA RAMP. ENGINEERED FOR PERFECTION.

Founded in 1990, Dura Ramp is an industry leader in manufacturing portable loading docks, forklift ramps and yard ramps. With an unwavering commitment to quality and customer satisfaction, Dura Ramp has established a reputation for building the safest and most durable, reliable and maintenance-free ramps available on the market. Dura Ramp's premium line-up of products is uniquely designed for a variety of applications and vehicle compatibility. Discover the innovative design and quality craftsmanship that large corporations like Boeing and Toyota, as well as hundreds of other operations around the world, have been putting their trust in for years.

WITH DURA RAMP, YOU'LL ENJOY THE SATISFACTION AND VALUE OF A QUALITY PRODUCT THAT OFFERS MANY GREAT BENEFITS, INCLUDING:

CONVENIENCE & EFFICIENCY

- Quick installation to minimize costly down-time
- Streamlined shipping and receiving process
- Manage future shipping and receiving challenges
- Smooth loading and unloading procedures

COST EFFECTIVE

- Reduce time spent in shipping and receiving
- Low maintenance means avoiding costly downtime

SAFETY FIRST

- Safer environment for forklift drivers and other personnel
- Reduced workplace injuries
- Superior traction to avoid accidents

SUPERIOR QUALITY

- Designed by professional engineers to meet or exceed all stated capacities
 - All products are made from 100% welded steel
-

WE ARE PROUD TO OFFER ALL DURA RAMP PRODUCTS BACKED WITH A ONE-YEAR MANUFACTURER'S WARRANTY!

DURA RAMP PRO

The Dura Ramp PRO series offers our largest and most robust line of ramps. Featuring a sturdy, two-piece design, each ramp can be easily dismantled, moved and reassembled in a matter of minutes, then efficiently stored when needed. For heavy duty applications, this high performance ramp will go above and beyond to get the job done!

HEAVY DUTY & CUSTOMIZABLE

BENEFITS

OPTIMAL FUNCTIONALITY

- Large deck for optimal level entry between truck and trailer
- Quick setup and take down for minimal downtime
- Designed specifically for tough applications

TOUGH DURABILITY

- Supported by six heavy duty I-beams for superior strength
- Built to withstand frequent usage

SUPERIOR SAFETY

- Bar grate decking for optimal traction
- Safety chain for secure ramp-to-trailer connection
- Integrated 6" dock plate for safe entry and exit of trailer

LOW MAINTENANCE

- Maintenance-free design eliminates downtime

FEATURES

- User-friendly, two-speed hand crank system to adjust height deck
- Coated with high quality enamel paint in the colour of your choice
- Two-piece design for quick and easy repositioning

OPTIONS

- Hand Rails - increase safety
- Dock Levellers - adjust height of loading dock
- Channel Rails - increase height and strength of side rail
- Fold-Down Plates - increase length of ramp lip

MODEL NUMBER	LEVEL LENGTH	RAMP LENGTH	TOTAL WIDTH	SERVICE WIDTH	CAPACITY	WEIGHT	SERVICE HEIGHT	GRADE
DR-PRO1020	10 ft	20 ft	95 in	89 in	30,000 lbs	8,460 lbs	42 - 56 in	20%

* WE ARE CUSTOMIZABLE: Need a custom size or increased capacity? Give us a call, we specialize in custom applications.

CLIENT TESTIMONIALS

“We bought two custom 30,000 lb ramp/deck combos from DuraRamp.com at the beginning of June, and they delivered them to us by the end of June (in Los Angeles!). They are just what we needed, and saved us the hassle of building expensive ramps of concrete. Many truckers point out how well they work. I find them sturdy and versatile. They were the best value we found when shopping around.”

MIKE CANZONERI
Drissi and Stahmer Mfg., LLC
City of Commerce, CA

“I am writing you about a recent portable ramp, purchased by GE Plastics MT Vernon. I thought that you would like to know how things were going since we began full time use of the ramp. All I can say is thank you! Your company sells an impeccable product that is not only easy to set-up, but performs wonderfully. It has taken 16 hours a week off my workload!”
